Right now, the high volumes of meat and animal products being consumed around the world are having devastating effects on animals, our health, and the environment...

In order to help #MakeFoodKinder in the UK, we are working with local authorities to reduce the volume of meat and animal products in their public procurement – to stand up against ANIMAL CRUELTY, to help tackle CLIMATE CHANGE and to improve the HEALTH OF THE PUBLIC!

## TAKE ACTION!

Visit [makefoodkinder.co.uk](http://makefoodkinder.co.uk) and follow these steps:

- SIGN THE PETITION to demand that local authorities reduce animal products and improve animal welfare
- CHECK YOUR LOCAL AUTHORITY'S CURRENT STATUS by using our interactive map to find out what is happening in your area and other ways to get involved
