

# DIY BEAR HEADPHONE CABLE HOLDER (ALSO A NICE GIFT FOR A FRIEND)

You need these things:

- vegan leather, cardboard, solid fabric or leather
- bear stencil(see below)
- pencil
- scissors
- press studs (Kam Snaps)including Kam Snaps pliers

Instruction:

1. cut out template
2. place the template on paper/cardboard and mark it out
3. cut along the borders
4. mark the holes for the press-studs with a compass or needle
5. press the buttons (or Kam Snaps) according to manufacturer's instructions - done!
